

# 2022 *Plant Science Bulletin* Editor's Report

## 1. General Information about *Plant Science Bulletin*

The *Plant Science Bulletin* continues to publish three times a year. Now in its 68th volume, the PSB continues to serve as the voice of the BSA and one of its strongest historical records.

All issues are available in print and online in PDF format. The most recent issue is also available in an online flip-book. The current issue, the archive of all previous issues, and the list of books available for review are available at <https://cms.botany.org/home/publications/plant-science-bulletin.html>. Current issues are also available through the BSA publications hub at <https://bsapubs.onlinelibrary.wiley.com/>.

Electronic manuscript submissions may be made to the Editor at [psb@botany.org](mailto:psb@botany.org) or, preferably, [mackenzietaylor@creighton.edu](mailto:mackenzietaylor@creighton.edu)

## 2. Editorial Support and Regular Contributors

I want to especially recognize Rich Hund and Johanne Stogran for their significant contributions to each issue of *PSB*. I also thank Amy McPherson, Rob Brandt, and the rest of the BSA staff for editorial and website support, as well as the members of the editorial committee: James McDaniel and Seana Walsh. Finally, I thank the authors, peer reviewers, and book reviewers who contributed over the past year, especially Education Director Catrina Adams and student representatives Imeña Valdes and Ioana Anghel.

## 3. Highlights from 2021-2022

- Since the last report, three issues have been published. These four issues include:
  - two peer-reviewed articles
  - three editor-reviewed articles
  - seven in-memoriam articles
  - 27 book reviews representing the work of 21 different reviewers
- 21 books were sent out for review or request from publishers between 7/2021 and 6/2022
- We have increased our solicitation of articles on issues of DEI and continue to emphasize Education

## 4. Upcoming Features and Goals

- We are considering ways to restructure the PSB committee to increase society-wide participation

Respectfully submitted,

Mackenzie L. Taylor, Editor
